## Personal and Career Objective

My principal of life is to commit to personal growth. Continuously learn and improve to reach my full potential.

Career Objective: To leverage my skills in user interface design, user experience research, and prototyping to create intuitive, user friendly digital products. I aim to contribute to a dynamic team where I can apply my strong visual design abilities, empathy for users, and commitment to continuous improvement to deliver innovative solutions that enhance user satisfaction and drive business success.

## About

As a fresh graduate in Statistics, I am embarking on a career in UI/UX design. My ambition burned brightly, fueled by a passion for creating intuitive and impactful digital experiences. Despite the difference in my degree course, I see a promising opportunity in UI/UX Design that aligns with my life's vision of enhancing people's lives.

Professional Skills: UI UX Design

Badminton athlete since primary school

## Experiences

Company	Industries	Area	Position
Watsons Personal Care Store	Retail Industry	Sales and Customer Services	Customer Assistant

Director of "Program Bughak Sukan"

## Resilience and Success Stories

**Adaptive Transformation:** Transformed from being hesitant in speaking to strangers into a confident individual capable of engaging smoothly with customers.

**Strategic Achievement:** Successfully achieved the company's set KPIs and was rewarded with prizes.

Helping Permata Camar Orphanage in their Badminton preparations for the "Sukan Anak Yatim"
